Step 2

✅**Give us your feedback** by filling the following questionnaire >> **Feedback form**

Thank you!

The DIYouth team,

CONTEXT

The DIYouth project (Digital Youth Training on Creative & Cultural Digital Entrepreneurship) aims to develop a transnational training program for young people and youth workers (non-formal education) that contains:
- **a toolkit for training young people** in digital entrepreneurship in cultural and creative industries.
- **a train-the-trainer toolkit** to enable youth workers to improve the quality and effectiveness of their digital and entrepreneurial training capacity.
- **an online digital acceleration platform** to help young people bring their ideas to market in collaboration with investors, policy makers, clients and other actors in the creative and cultural industries.

Also, within the project, a series of three conferences will be organized, one for each of the European capitals of culture involved in the project: Timișoara 2023, Novi Sad 2022 and Elefsina 2023.

DIYouth Consortium: West University of Timișoara (leader), "Timișoara 2021 - European Capital of Culture" Association and Helixconnect Europe (Romania), ISQe (Portugal), "Novi Sad - European Capital of Culture" Foundation (Serbia) and YET AMKE (Greece).

The project is co-financed by the European Union through the Erasmus+ programme - Strategic Partnerships for Cooperation in the field of youth.
